

Vehicles, Maps & Directions

The roads into and at Entrada are rough at best. Although low-profile vehicles can get to Entrada, high-clearance vehicles and 4X4's are best. Entrada is not liable for any damage. Please use prudence in your choice of vehicles. **Passengers are not allowed to ride in the back of pickup trucks or on trailers. This is considered a violation of the State of Utah Motorized Vehicle Laws and The Boy Scouts of America Guide to Safe Scouting.** State and Federal regulations along with LNT/Tread Lightly principles require that all vehicles stay on established and well-traveled roads and trails. Shuttle services are not provided for or by Entrada.

Vehicles may park in/next to each groups campsite(s). Vehicles should not be used for transporting participants around camp. All vehicles should park in the "fire ready" position (backed-in facing out) for quick egress. Speed limit is 10mph.

Driving South on highway 191, turn right (West) at the Dead Horse Point/Canyonlands Highway 313. Drive 12.8 miles and turn left (Northeast) on Gemini Bridges Road.

Driving North on highway 191, turn left (West) at the Dead Horse Point/Canyonlands Highway 313. Drive 12.8 miles and turn left (Northeast) on Gemini Bridges Road.

It is approximately 6 miles from Highway 313 to the Crips Hole/Four Arch Canyon area off Gemini Bridges Road to Entrada High-Adventure Base.

When you arrive at Entrada, there will be a "Check-In" sign pointing where to go.
