Tour Permit Applications

Adult leaders will be able to apply for tour permits electronically with an automated approval process that provides for prompt electronic delivery of approved permits. The applicant will need to provide detailed information about tour destination; dates; itinerary; participation and leadership; transportation plans (including vehicle information, driver's license numbers, and insurance coverage); and the training certifications for Youth Protection and any other certifications needed for the tour.

E-Learning

The E-Learning Course Management System provides a selection of courses for adult volunteers that may be taken for credit. E-learning will be integrated into each member's account.

Rechartering

Internet Rechartering is a Web-based system for annual unit renewal. It is available to traditional units in councils that have licensed the system. Check your council's Web site to learn if Internet Rechartering is available to your unit and to review instructions about how to log in and when to submit a unit renewal for the next charter year. If you are interested in learning more about this system, you can review the interactive tutorial and online help system. If you do not want to see the Rechartering menu selection, go to My Profile, uncheck the Rechartering box, and click Submit. To add it again later, return to My Profile and mark the checkbox for Rechartering.

Advancement

Internet Advancement is a Web-based system for units to submit youth member ranks and awards. It is available to Traditional units and Explorer posts in councils that have licensed the system. Check your council's Web site to learn if Internet Advancement is available to your unit and to review instructions about how to log in and to submit advancement reports. If you are interested in learning more about this system, review the online help system. If you do not want to see the Advancement menu selection, go to My Profile, uncheck the Advancement box, and click Submit. To add it again later, return to My Profile and mark the checkbox and Advancement.

Event Reservations

Event Reservations provides a selection of nationally sponsored events that are currently open for registration. The listing changes as events are added or removed when registration periods close. The link will open a page of selections. Selecting an event will direct you to where reservations for that event will be made.

Use **Update** after saving Vehicle or Training records.

On the Enter Vehicle tab you will create and maintain the records for each vehicle that may be selected to provide transportation for a unit tour. You may create records for different vehicles by the same owner, if appropriate. For each record you will need the Vehicle Make, Model and Year; the Total the Vehicle will carry based on the number of seat belts, including for the driver; the Owner's legal name; the Owner's valid Driver's License Number and State; certify Yes that everyone will wear a seat belt; and the value of Public Liability insurance per person and per accident; and the value of Property Damage insurance carried on the vehicle. Commercial Driver's License record entry needs the CDL Driver's legal name; CDL Number and State; and the CDL Expiration Date.

When the information is entered for a new record, click Save. If information on an existing record is to be updated, click Edit, make changes, and click Save. If a record is to be deleted, click Delete. Once a record is deleted it will need to be entered again, if required.

Vehicle ownership information:

	Vehicle Make Model/Year	Total in Vehicle	Owner's Name	Owner's DL Number	Will everyone wear a seatbelt?	*Public Liability	*Property Damage
Edit Delete	Chevy Yukon 2008	6	Richard B Guy	787878787 PA	Yes	Per Person: 300000 Per Accident: 300000	300000
Edit Delete	Chrysler 300 2007	5	Harvey J Member	78787877 PA	Yes	Per Person: 300000 Per Accident: 300000	300000

Each unit maintains its list of vehicle for selection. You can maintain many vehicles and just select the ones for this particular outing.

On the Enter Training tab you will create and maintain the records for each adult who may be selected to provide specialized leadership or skills for a unit tour. You may create records for the same adult for different training courses completed, if appropriate. For each record you will need the adult's legal name; age; the Training course name completed; and the Date Taken which is on the completed certificate for the course. BSA Training and Non-BSA Training have the same record requirements except that Non-BSA training also needs the Agency name which issued the certificate of completion.

When the information is entered for a new record, click Save. If information on an existing record is to be updated, click Edit, make changes, and click Save. If a record is to be deleted, click Delete. Once a record is deleted it will need to be entered again, if required.

Activity Standards: Where swimming or boating is included in the program, *Safe Swim Defense* and/or *Safety Afloat* standards are to be followed. If climbing/rappelling is included, then *Climb on Safely* (which recommends the American Red Cross' standard first aid and *When Help is Delayed* or equivalent course) must be followed. One adult in the group must be trained for each activity. At least one person must be trained in CPR from any recognized agency for *Safety Afloat* and *Climb on Safely*. Youth Protection trained adults are required to be entered here also. Adults who complete the *Planning and Preparing for Hazardous Weather* training may be recorded and marked if attending. Effective on January 1, 2009, it will be mandatory that at least one adult on each tour complete the *Hazardous Weather* course.
