An introduction to Melany Gardner, our New District Executive

Most of my life I've been an observer of Scouting. I observed it as a large part of the lives of the young men around me. I've observed it in the preparation and skill set of my husband. Now, I've observed how those young men around me have turned into Scoutmasters and leaders teaching the next generation. So when the opportunity to become a professional Scouter was presented, I knew I was diving into a cause worthy of my time and talents.

My first and only hands-on experience with Scouting before becoming a professional Scouter came when I was barely 18 years old in the Orem Heatheridge 2nd ward. The Bear Cub Scouts in our ward needed a helping hand, so I became an assistant den mother for a summer. I guess the more accepted term is den leader, but it was a lot funnier to my friends when I said I was a den *mother*, before I had even graduated from high school. Needless to say I was a bit surprised and overwhelmed.

Being the youngest in family, I hadn't had much experience with young children or Scouting. But I took the assignment and it changed how I saw Scouting in a big way because I got to see Scouting first through a child's eyes. How fun it was to see those rambunctious boys' willingness to learn how to present the colors, how to play croquet, what animals were extinct, and so much more. Working with my bears, I discovered my own innocent wonder for life and the value (and fun!) of Scouting.

Since then, I have learned a lot, and am still learning a lot about the grand movement we call Scouting. I am excited to be your new District Executive in the Wasatch District and I hope I can be a resource and help for you as you navigate your position in the Boy Scouts.

Melany Gardner

Wasatch District Executive

Melany Gardner became a District Executive April 1st, 2014. She has previously worked in the council as an Orem District Executive and an assistant in marketing. She graduated from BYU with a B.A. in Communications. Melany is a born and raised Orem, but currently lives in Provo with her husband.

This was one my first experiences at a roundtable when they had a live (de-scented) skunk, which I got to pet, and it was awesome!
