“Expanding Our Possibilities”

Seventy-six years ago, a group of visionary community leaders donated the land we know today as Camp Maple Dell. For 76 years, the facilities and traditions at Camp Maple Dell have provided camping experiences for well over 200,000 youth and adults. Their vision has had a positive impact on our community for nearly eight decades.

The facilities at Camp Maple Dell are in need of upgrading to meet the modern demands of use at the facilities.

Major renovations at Camp Maple Dell will enable us to serve fresh meals, seat more participants and train more adults.

Clyde Lodge:

- Modern facility upgrades that capture Scouting’s traditions
- Open floor plan
- New restrooms

Commercial Kitchen Building:

- Modern kitchen equipment
- Increased outdoor seating
